

GETTING THERE

We have provided directions below from two major international airports in Lisbon and Oporto. Should you be intending to arrive from any other point of origin, we can supply clients with tailor made directions to suit their needs after all booking formalities have been completed and monies received. We have chosen the route that we think would be ideal. Shorter routes do not always equate to the quickest routes. All distances and directions are approximations and the map provided is not to scale.

From Lisbon Airport: (45 minutes / 74 km)

- After leaving the main terminal building / car rental area, please leave the airport parameters towards the main large roundabout and look for signs to the A8 off this large roundabout.
- Continue on the A8 northbound for Leiria until you see signs for Obidos. You will exit the motorway at junction 15 and arrive at a large roundabout. Take the exit marked Obidos.
- Continue on this road for approximately 400 metres till you pass under the sandstone aqua duct and arrive at a small roundabout. You will see a large open air car park to your left just beside the aqueduct and Obidos is signposted first exit right.
- **If you were to go straight ahead off this roundabout and continue for another 300 metres to the next roundabout, you will see the “Pingo Doce” supermarket to your left. Take the third exit off here to enter the supermarket. There is always plenty of parking.**
- **Once you have finished food shopping, please return to the Obidos roundabout 300 metres up the road and resume your way to the villa using the directions below here as if approaching with Obidos on your right and the open car park by the Aqueduct on your left.**
- Please now take the third exit left direction Capeleira & Usseira. You will again pass under the aqua duct within 100 metres or so. Continue on this road going uphill through the town of Capeleira.
- Keep going ahead till you reach a fork in the road with a small signs pointing to Salgueiro and Bom Vento where the road descends left. Take a left turn here passing a very modern house on your right just above the road and then continue for a 300 hundred metres till you reach the next junction with a STOP sign showing Usseira to your right and Bom Vento / Salgueiro to your left.
- You will need to turn left here heading towards Bom Vento & Salgueiro and keep going for 200 metres or so till you see a large modern warehousing unit to your right. Roughly 100 metres ahead of this, you will spot an old agricultural tool shed to your left behind which you will see Villa Adriana.
- Please slow down here as the entrance to the villa turns sharp left almost in a U-turn. A plaque marked Villa Adriana is clearly visible on the side of the main gate.
- Use your electronic key to enter the gates. Key retrieval instructions were sent separately.

Note:

Use your electronic key to shut the gate once you have entered the property. It is best to park further up along the drive towards the rear of the house. If you are in close proximity to the gate, sensors will prevent the gate from closing.

From Oporto Airport: 3 hrs / 280 Kms

- Leaving Sa Carneiro Airport, join the A1 motorway southbound heading for Lisbon. Keep on the A1 for until you see signs for Caldas da Rainha / Rio Maior.
- Exit the A1 motorway at the junction marked Caldas da Rainha / Rio Maior and turn on to the A15 motorway. This motorway will eventually merge with the A8 southbound for Obidos.
- Continue on the A8 Southbound for Lisbon until you see signs for Obidos. You will exit the motorway and arrive at a large roundabout. Take the first exit marked Obidos.
- Continue on this road for approximately 400 metres till you pass under the sandstone aqua duct and arrive at a small roundabout. You will see a large open air car park to your left just beside the aqua duct and Obidos is signposted first exit right.
- Please now take the third exit left direction Usseira. You will again pass under the aqua duct within 100 metres or so. Continue on this road going uphill through the town of Capeleira.
- Keep going till you reach a fork in the road with small signs pointing to Salgueiro and Bom Vento on your right where the road descends left. Take this left fork and continue down the road for a few hundred metres till you reach the next junction with a STOP sign showing Usseira to your right and Bom Vento and Salgueiro to your left.
- You will need to turn left here heading towards Bom Vento and keep going for 300 metres or so till you see a large modern warehousing unit to your right. 100 metres ahead of this, you will spot an old agricultural tool shed to your left behind which you will see Villa Adriana.
- Please slow down here as the entrance to the villa turns sharp left almost in a U-turn. A plaque marked Villa Adriana is clearly visible on the side of the main gate.

You have arrived.

Note:

Use your electronic key to shut the gate once you have entered the property. It is best to park further up along the drive towards the rear of the house. If you are in close proximity to the gate, sensors will prevent the gate from closing.
